

PT. NUSANTARA ARYA MAKMUR (NAM)

ABOUT US

PT. NAM (Nusantara Arya Makmur) is a company specializing in providing integrated security solutions, supported by modern technology and professional human resources.

Founded in 2025, the company serves as a trusted partner in providing comprehensive, adaptive, and client-satisfaction-oriented security services.

PT. NAM is committed to delivering effective and efficient security systems through in-depth analysis of each client's specific needs. We believe that security is the foundation of business productivity and sustainability, therefore, each solution we provide is carefully designed to address security challenges across various sectors.

In addition to security services, PT. NAM also provides free security consultations to assist clients in assessing and planning their company's comprehensive security needs.

Professional with years of experience helping brands reach their goals.

Skilled in problem-solving, communication, and strategic thinking.

Dedicated to crafting innovative solutions that drive positive change.

Vision

To be the best security company in terms of service, quality human resources, and effective and efficient security systems to achieve the highest level of customer satisfaction.

Through high professionalism and dedication, PT. NAM is committed to maintaining client trust and realizing a true sense of security.

Mission

Building strong, honest, and solid human resources and teams through continuous education and training.

Improving the quality of work through effective, integrated processes and a focus on customer satisfaction.

Providing reliable, professional security services to meet every client's needs.

Maintaining a commitment to security service principles that prioritize responsibility, integrity, and trust.

Building a superior corporate image as a professional and modern security partner.

VALUE COMPETITIVE

Upholding the values that serve as the primary foundation for operational and service activities.

Professionalism: Prioritizing competence, responsibility, and a high work ethic.

Integrity: Carrying out every task with honesty and dedication.

Trust: Maintaining client trust as a top priority.

Innovation: Developing security systems with modern and efficient technology.

Collaboration: Working closely with clients and partners to build a safe and productive environment.

Free Security Consultation: Helping clients understand their security needs holistically.

Professional Experts: Our staff has undergone an intensive selection process and training.

Pre-Work Briefing for Security Personnel
Including Customer Service, Basic English Practice, and Security Communication

Integrated Security System: Combining physical and technological services in one solution.

Fast & Responsive Response: Our operational team is on call 24/7. Modern Technology:

Utilizing the latest security devices that meet global industry standards.

COMMITMENT

In the digital age, data is our most valuable asset. Implementing strict data security measures protects sensitive information from unauthorized access, preventing identity theft, data breaches, and other cyber threats. We believe that physical and digital security are two complementary elements in building a comprehensive protection system.

Protect you with Trust and Technology

A hand in a dark suit sleeve holds a glowing, translucent blue sphere. The sphere is filled with intricate, glowing blue circuitry and data lines. In the center of the sphere, the words "THANK YOU" are written in a bold, white, sans-serif font. The background is a dark blue, textured surface with faint, glowing blue patterns that resemble a network or data flow.

**THANK
YOU**
